

Web 2.0 Tools, Parent Permission & Children's Online Privacy

Due to the **Children's Online Privacy Protection Act (COPPA)**, websites may set age requirements for users unless they obtain parent permission, regardless of whether or not a log-in or personal information is required. Please be sure to check a website's **Terms of Service** or **Privacy Policies** before using a new site.

Websites Requiring Parent Permission if Under 13 years of Age
